## Messe Frankfurt Argentina #Conecta

Opening paths, creating connections and generating new business opportunities.

At **Messe Frankfurt Argentina**, we carry out proposals that originate multiple contacts and successful B2B operations both locally and internationally.

**How?** Linking future trends with new technologies, people with markets and supply with demand.

Through **innovative resources** and close **contact** with exhibiting brands, Messe Frankfurt constantly adapts its events to the needs of the market and imposes new ideas with excellent results.

### Messe Frankfurt worldwide

As an Argentine subsidiary of the German company **Messe Frankfurt GmbH**, a leader in organizing international exhibitions, since 2003 we have generated innovative proposals with the aim of stimulating regional markets.

### Creating markets

Over the years we have worked to ensure that our events are **gateways to future business** and open windows to new ideas. Our initiatives offer exhibitors and visitors a global overview of upcoming news and trends, while serving as a strategic platform for business operations, contact generation and knowledge sharing.

### Much more than exhibitions

In addition to holding exhibitions, we also specialize in organizing **Congresses and Special Events** tailored to the needs of each of our customers. In all of them, we respect the highest quality standards.

Whether face-to-face or virtual, we put the emphasis on **meetings**: the right people, the right meetings in the right place.

**Let's keep meeting!**
